INTERNATIONAL SEARCH REPORT

International application No. PCT/JP2004/015266

Box No. II Obse	ervations where certain claims were found unsearchable (Continuation of item 2 of first sheet)	
This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons: 1. Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:		
	relate to parts of the international application that do not comply with the prescribed requirements to such an o meaningful international search can be carried out, specifically:	
3. Claims Nos. because they	are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).	
Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)		
This International Searching Authority found multiple inventions in this international application, as follows: The inventions of claims 1-3, 5, 6, 9, 10, 12, 16, 18, 22 are the same as the known technique disclosed in the prior art document 1 (JP 2002-350335 A (Tama-TLO Kabushiki Kaisha) 04 December, 2002 (04.12.02) and are not novel. The technical feature of the present application is in the limitation matters of the remaining claims 4, 7, 8, 11, 13-15, 17, 19-21. Among these claims, claims 4, 7, 14, 20 limits the inventions by fixation of a detector chemical on a surface of the hetero core portion while claims 8, 11, 13, 15, 17, 19, 20 limits the inventions by providing reflection means on the end surface of the hetero core portion. (Continued to extra sheet)		
1. As all require claims.	As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.	
1 ·		
3. As only some	e of the required additional search fees were timely paid by the applicant, this international search report covers laims for which fees were paid, specifically claims Nos.:	
	additional search fees were timely paid by the applicant. Consequently, this international search report is the invention first mentioned in the claims; it is covered by claims Nos.:	
Remark on Protest	The additional search fees were accompanied by the applicant's protest. No protest accompanied the payment of additional search fees.	

INTERNATIONAL SEARCH REPORT

International application No. PCT/JP2004/015266

Continuation of Box No.III of continuation of first sheet(2)

These technical features are different in the purpose, function, and means for solving the problems.

Accordingly, this application is divided into two groups of inventions and does not satisfy the requirement of unity of invention.
